Sir,

With reference to your letter No.G.7288-Med.50-20-4, dated 2nd October 1920, I have the honour to inform you that one Miss. Catherine Wilson Surtees, address" Stafford Shire Nurses' Institutions, Stoke-on-trent, England", applied in March last to the Medical Officer, Krishnarajendra Hospital, Mysore, for particulars regarding the appointment of Matron of that Hospital and as the question of raising the pay of the appointment was under the consideration of Government in connection with the revision of the Establishment of that Hospital, a form was sent to the applicant for return duly filled up, in order to ascertain particulars of her Nationality Qualifications and other matters.

2. In reply, the individual has sent the enclosed form with letter dated 18th August 1920, a copy of which is also enclosed. It may be seen that she has herself applied for the sanction of the Government of India to her appointment and want further particulars which have been sent to her in this office letter of this date, as per copy enclosed for the information of Government.

Regarding the appointment of Miss Catherine Wilson Surtees as Matron of the Krishnarajendra Hospital, Mysore.

Office of the Senior Surgeon,

Madam,

Your letter of the 18th August 1920, and the application form therein enclosed, have been duly received. This Government cannot undertake to provide for your passage out to India. You have to make your own arrangements for your passage to India and to Mysore, the Station where you are intended to be employed, and you will draw your pay only from the date on which you will report yourself for duty at the Krishnarajendra Hospital, Mysore. Till then, you will not be an employee of the Mysore Goverrment and cannot expect any allowance or other pecuniary considerations from the Government. In addition to the conditions of service mentioned on the reverse of the printed form, already signed by you, I may inform you that service here is pensionable, as in British India. But you will be required to pass an examination in colloquial Kanada, the language of the country, as you are expected to come in contact with Indian patients of the Hospital who may not know the English Language, and your confirmation in the appointment will depend on your passing that Examination for which you will be given a year's time. On hearing from you that you agree to accept service on the above conditions, I shall obtain the sanction of Government to your appointment which, however, can take effect only from the date ~~of~~ you will actually report yourself for duty at Mysore.

Yours faithfully,

K Dougherty

from duly filled in with her letter of 18th August 1920 together with Health Certificate and copies of testimonials, stated that she was applying for the Sanction of the Govt. of India and asked for particulars and stipulation with regard to passage out to India and services. The Senior Surgeon sent her a reply on 15th October 1920 giving information about the particulars required by her and stating that on hearing from her as to her willingness to accept service on the conditions stated, the necessary sanction would be obtained thereto. Nothing has been heard from Miss Surtees in reply and as the Senior Surgeon has not seen her Diploma, he is unable to say whether she would be suitable for the post. Besides as the correspondence between her and the Senior Surgeon will entail much loss of time, he thinks it might not be desirable
